VERDICT IS ACQUITTAL ELKS ENTERTAINED.

Hargis and Callahan Adjudget to
Not Guilty Of

MURDERING MARCUM

Confession of Curtis Jett, Declaring
That He Unaided Did the Deed,
Is Believed to Have Influ-
enced the Jury.

Beattyville, Ky., July 17.—After being out twenty-two minutes the jury in the Hargis-Callahan trial returned a verdict of not guilty. The case was one of the most desperately fought legal battles in a Kentucky court for several years. The men were charged with the murder of J. B. Marcum.

James Hargis and Ed Callahan were accused of being the chief conspirators in one of the darkest crimes in Kentucky's history. James B. Marcum was a mountain Republican lawyer of excellent standing. He was engaged three years ago as attorney in a contest against Hargis and Callahan, respectively Democratic county judge and sheriff-elect, to oust them from office on allegations of a corrupt election. Much bitterness was aroused, and frequent open ruptures occurred. In 1903 Marcum was shot to death from behind in the Jackson court-house. Curtis Jett and Tom White were convicted and given life terms for the murder. It was charged they were the tools of Callahan, Hargis and others. Jett, after his conviction, confessed that he shot Marcum and that his act was inspired by Callahan and Hargis. On the witness stand, however, he repudiated his confession, and said he alone was responsible. The acquittal followed largely on this repudiation.

A jury of Clark county citizens returned a verdict for \$6,000 damages a year ago against Hargis on the allegation that he caused Marcum to be killed. The suit was filed by Mrs. Marcum.

Hargis and Callahan are yet to be tried in Lexington court for killing James Cockrill under similar circumstances.

BILL APPROVED.

Measure Appropriates Seven Million Dollars For Relief Work.

St. Petersburg, July 17.—The emperor has approved the bill of the lower house of parliament, which was adopted by the upper house, appropriating \$7,000,000 for famine relief, thus supporting the contention of both houses of parliament against its own ministers. This law is the first enactment of the Russian parliament and represents the net legal result of a session of over two months.

Papers say authorities at Peterhof are again asking M. Shipoff, former president of the zemstvo council, and M. Yermoloff, a leading member of the Conservative Center party, to renew attempts to induce the Constitutional Democrats to enter a coalition cabinet.

Emperor Nicholas has degraded the Seventh cavalry, which recently mutilated at Tamboff, by taking away the imperial standard conferred on the regiment two years ago.

FOUND FILTHY.

Meat Slaughtering House Near Wellington Is So Described.

Topeka, Kan., July 17.—A meat slaughtering house near Wellington, inspected by the state board of health, has been found to be in such a filthy condition that Dr. J. S. Crumbine, secretary of the board, sent notices to the county commissioners of every county in the state directing them to examine the slaughter houses in their districts, and if not found to be in sanitary condition to allow five days for cleaning up as permitted by law. The order applies to some of the big packing houses at Kansas City, whose plants are located in Kansas.

SHORTAGE CHARGED.

Alleged Deficit in the Accounts of Late Disbursing Officer.

Washington, July 17.—It is stated at the treasury department that the investigation recently concluded of the accounts of the late Major George A. Bartlett, disbursing officer of the treasury department, shows a shortage approximating \$33,000. About \$14,000 of this amount, however, is said to have been innocently paid out on fraudulent vouchers alleged to have been presented by James W. Boyd, clerk in the marine hospital service, who, in September, were arrested and is now in jail pending his trial for misappropriating government funds.

Ice Dealers Acquitted.

Jacksonville, Fla., July 17.—Several ice dealers, charged with combining to raise prices, were acquitted.

GRATIFYINGGROWTH

Grand Secretary Robinson's Report Shows Membership Past Year Increased Over Twenty-Seven Thousand.

Denver, July 17.—The real opening of the Elks' convention occurred shortly after 8 o'clock Monday night, when public exercises were held at the Tabor Opera House. Elks and their friends were kept in a good humor until the exercises began by the almost constant playing of several bands of music.

Walter Collier, exalted ruler of Denver lodge, No. 17, presided, and introduced the speakers.

Governor McDonald, Mayor Robert Speer and Luther M. Goddard of the supreme court made addresses, welcoming the visiting Elks. Robert W. Brown, exalted ruler of the grand lodge delivered an address in response, and there were several brief responses made by other prominent visitors.

In the afternoon thousands of Elks visited the University ball park, where an exhibition of broncho breaking and roping of steers was given.

At 11 o'clock Monday night one of the prettiest ceremonies of the Elks was observed in the toast drunk to the "absent brothers." At that hour whistles blew and bells tolled to remind the Elks wherever they were of the time of night. The ceremony will be observed in the same way during each night of the week.

The annual report of Fred C. Robinson, grand secretary, shows that on July 10 there were 224,808 members, an increase of 27,597. The report also shows that the order is in the most satisfactory financial condition, as well as showing an immense amount of relief work done during the year.

AT FOUR POINTS.

Guatemala Was Fighting Both Salvador and Honduras.

San Salvador, July 17.—Guatemala was fighting Salvador and Honduras at four points of Guatemalan and Honduras territory. Both sides fought bravely with uncertain results.

Never before in the history of Central America has there been such hard fighting. Salvador, as a government, was not prepared, and Guatemala had about three men to one. Notwithstanding the great odds, Salvador won every battle. The loss on both sides was very great. Salvador's dead are about 700; Guatemala's about 2,800. Salvador's wounded are about 1,100; Guatemala's wounded, about 3,900.

Never has there been greater valor shown than when General Regalado was killed. He was leading his troops, and was over a mile in advance when killed. First a shell killed his horse, when he mounted another. In five minutes he was shot through the arm. Still he rode on, encouraging his men. He had fifty picked officers and men with him. Every one was killed, and after the rear troops came up and drew the Guatemalan troops forward they found over 600 dead Guatemalan soldiers, including several officers. In that battle Salvador, although losing her great general, took the enemies' artillery. Then Guatemala asked for peace. Salvador refused, but twelve hours later a telegram from President Roosevelt changed things.

The two armies are facing each other, resting on their arms, awaiting the result of President Roosevelt's telegram.

MIGRATING EASTWARD.

Entomologist Hunter Says Boll Weevil Are Numerous in Texas.

Baton Rouge, July 17.—The statement that the cotton boll weevil is migrating eastward very rapidly, and that he believes it will get into Mississippi by the close of this season, was made Monday by W. S. Hunter, entomologist of the United States government, and in charge of the government's boll weevil work in Texas and Louisiana. He came here to observe the summer and fall migration of the pest, which is appearing this year in low, wooded portions of Louisiana. Never in the past have the entomologists had the weevil under inspection in these sections, and as the result of Mr. Hunter's visit, two additional government inspectors have been assigned to Louisiana.

Mr. Hunter says the boll weevil are plentiful in Texas.

ABDUCTED GIRL FOUND.

She Was Discovered in a Thicket and in Serious Condition.

Memphis, July 17.—Mamie Larson, a fourteen-year-old girl, abducted by three negroes Sunday night from her home in the outskirts of the town, was found by neighbors and police early Monday in a thicket badly bruised.

JUDGE HENDERSON'S RACE.

Has Not Neglected His Duties to Make a Canvass

Austin, Texas, July 15.—Judge John N. Henderson, associate justice of the court of criminal appeals, has been making an active

campaign for renomination to the office since the adjournment of his court. He remained faithfully to his post of duty on the bench until the court finished its business for the term. He applied himself so closely to that work that he did not take even one day off to look after his political fences. He is known to the lawyers throughout the State as one of the hardest and most conscientious workers on the higher court benches and his friends say that the people will show their appreciation of his strict application to the duties of his office by renominating and re-electing him.

MUCH PRAISE FOR A. AND M.

Three Members of the Graduating Class Recommended for Regular Army.

College, Station, Texas, July 16.—The report of the inspection of the military department of Agricultural and Mechanical college made on April 4 has just arrived here from Washington.

As will be seen from these excerpts, the department is a highly efficient one:

"Military duty seems popular with the students and the military spirit is developed to a fair degree." "Commendable degree of zeal exhibited." "Many of the cadet officers would make efficient lieutenants in regular infantry with a little experience."

Relating to the appearance of the cadets at review and inspection, we find that according to the offi-

"The rifles were old but generally clean." "Gloves and brasses in good condition." "The set-up of the command was fair." "The institution does good work and justifies the expenditures of the general government."

"Is the military instructions of such extent and thoroughness as to qualify the average graduate for a commission as a lieutenant of volunteers?" "Yes," according to the inspector, Major Dickman, of the general staff. The major recommended three cadets for appointment as second lieutenant in the regular army: E. C. Arnold, Graham; J. G. Dean, Belton; J. W. Ramsay, Houston, all of the graduating class.

To Captain Sargent, the commandant, is due much praise for the creditable military standing of the corps of cadets.

HON. JONATHAN LANE COMING.

Hon. Jonathan Lane of Houston will speak at the city hall in Bryan at 8:30 o'clock, Wednesday, July 18, in the interest of Hon. C. K. Bell. The public is cordially invited to be present.

(Advertisement.)

MARLIN'S GREAT DAY.

Was the Political Hub of the State Monday—Immense Crowd Present.

An Eagle representative visited Marlin Monday and heard addresses by Senator J. W. Bailey, Hon. C. K. Bell, Hon. O. B. Colquitt and Judge M. M. Brooks. Hon. Trav. Dashiell was also present and spoke in behalf of Hon. T. M. Campbell. Other notables present were Congressman Burleson, Railroad Commissioner Storey and District Judge Sam R. Scott.

There was an immense crowd, estimated by Mr. Lee Allen, who had a part in the arrangements for feeding the multitude, at 8000 people. These included Falls county people, visitors from a distance and the Marlinites who appeared to be out en masse. Not more than 2000 people heard the speeches, the others being scattered over Bartlett park, where the celebration took place, and over the town. There was no lack of amusements with carnival features, roller rink, races and a ball game between the Marlin team and the "St. Louis Stars," a feminine team now touring the state. There was also a big ball at the park pavilion at night. Eight thousand pounds of barbecued meats were provided for the occasion.

Senator Bailey was received with much enthusiasm and devoted his speech mainly to national issues, particularly to the achievements of the democratic minority in influencing the important legislation of the last congress.

The candidates for governor spoke in the order named above, and their time being limited to forty-five minutes, all were very much at a disadvantage. Judge Bell outlined his official record and some of the main features of his platform. He indulged in some legitimate criticism of some of the measures proposed by his opponents, but avoided anything like personalities.

Commissioner Colquitt made very much the same sort of speech he did here, but hardly as severe in his denunciation of his opponents. However, he criticised Bell and Campbell in such a manner that Judge Brooks called him down for mud slinging when it came the Judge's time to speak. Judge Brooks paid a very high tribute to the honor and integrity of Bell in this connection. The main feature of Judge Brooks' speech was the discussion of making local option effective. Mr. Dashiell made a good speech in behalf of Mr. Campbell.

The previous opinion of the writer was confirmed by hearing the speeches and mingling with the crowds, viz: The race is between Bell and Campbell with Bell in the lead and making steady gains. This is due to the fact that there is no tangible evidence to support the many charges which have been made against him and the people are finding out there is absolutely nothing in them.

HEAR HON. JONATHAN LANE.

Hon. Jonathan Lane will address the Italian society at their barbecue at the fair grounds next Wednesday, July 18, at 11 o'clock. The people of Bryan and Brazos county is cordially invited to be present and hear this splendid orator and partake of the good things that will be prepared to eat on this occasion.

Remember you are invited to come and enjoy the day. (Advertisement)

MOTHER IN COMMAND.

Mrs. William Thaw Takes Charge of Her Son's Defense.

New York, July 17.—Immediately following her interview with her son, Mrs. William Thaw assumed full charge of the defense, and arranged to retain the services as counsel the firm of Black, Olcott, Gruber & Bonyne, who were dismissed by young Thaw a few days ago. This action is taken to mean that Harry Thaw's decision regarding the defense will be ignored, and that reliance will be placed on the plea of insanity, insistence of which by Mr. Olcott resulted in the rupture between himself and his client.

As Mrs. Thaw reached the cell of her son it was seen that her daughter-in-law had left the consulting room and gone to the cell of her husband. When the young wife saw the mother slowly approaching she slowly backed away from the cell to a spot some fifteen feet down the corridor. There was no sign of recognition between the two. On the mother's arrival at the cell, it was seen that she was somewhat feeble, and the door of Thaw's cell was opened to get out a stool, that she might sit during the interview with her son. The mother, not knowing the rules of the prison, upon seeing the door opened, rushed forward to her son. In an instant both her arms were clasped around the neck of her son, while he, with bent head, clasped his mother to his breast. Tears streamed from the eyes of both mother and son. There ensued a few minutes' silence, broken only by the mother's cry of "My boy, my boy."

Keeper Smith stood with his back turned for a short time, and then informed Mrs. Thaw that the prison rules allowed visitors to talk to prisoners only with bars separating them. The mother stepped out of the cell, while Smith shut the door and turned the key once more on Thaw. A small stool was then placed in front of the cell, and Mrs. Thaw took her seat on it, and continued talking to her son for about half an hour. She then kissed him through the iron bars, where she was joined by Josiah C. Thaw, who had been waiting for her in the consulting room.

From the tombs Mrs. Thaw was driven directly to the office of Louis Delafield, where arrangements were made for former Judge Olcott's firm to resume charge of the case. When a note was sent to Harry Thaw asking whether he concurred in the new arrangement, the reply returned was: "Mr. Thaw has nothing to say."

Monday evening Mrs. Thaw, accompanied by her son, Josiah, and her son-in-law, George L. Carnegie, went to the latter's country seat at Roslyn, Long Island.

In leaving the prison the driver of Mrs. Thaw's carriage was compelled to force a way through the crowd, which fairly blocked the street.

While the elder Mrs. Thaw was in conversation with her son, his wife remained seated in the corridor about fifteen feet away from the cell, where she could see mother and son, without being seen. After the mother's departure young Mrs. Thaw spent a few minutes with her husband, and then hurried to the office of Mr. Hartridge, where a counsel was held.

Mrs. Harry K. Thaw returned to the tombs later, accompanied by Mr. Hartridge, and called on her husband. The attorney remained only a short time, but Mrs. Thaw remained with Thaw about an hour.

EL PASO'S EARTHQUAKE.

Buildings Rocked and Swayed and People Fled to Streets.

El Paso, July 17.—A distinct earthquake shock was felt here at 11:05 o'clock Monday morning. Buildings rocked and swayed, and many persons fled to the streets. The thermometers and instruments in the weather bureau and in the Federal building swung back and forth for several seconds. No damage was done.

PARTY TEST BARRED.

Chairman Andrews Rules It Cannot Be Printed on Ticket.

Houston, July 17.—Hon. Frank Andrews, chairman of the Democratic state executive committee, in reply to a query of Charles L. ALLEGED COALITION.

Salvador, Honduras and Nicaragua Said to Have Combined.

New Orleans, July 17.—The alleged coalition of three Central American republics against Guatemala is reported in a special from the City of Mexico to the Times Democrat. The dispatch, which quotes a friend of General Barillas as authority, says:

"Some time last March Salvador, Honduras and Nicaragua entered into an offensive and defensive coalition against Guatemala, agreeing the moment there were an infringement by Guatemala on the territorial rights of either of the three confederates a declaration of war against Guatemala would follow."

The dispatch also says that John Jenkins of Omaha, consul general of the United States at San Salvador, is on his way, at the request of the Salvadoran government, to present President Roosevelt a copy of a diplomatic circular issued by Salvador claiming the present troubles began last March, when Dr. Fortin, charge d'affaires of Salvador at Guatemala City, found his mail being tampered with. "Later," the circular is alleged to say, "Dr. Fortin reported to his government that President Caberera of Guatemala secured sixty Boers at Chicago, St. Louis and New Orleans to go to Salvador and join the malcontents there in an attempt to disrupt the government."

In the circular quoted are also copies of telegrams from President Caberera to the minister of the Salvadoran foreign department charging General Regalado and President Escaton of Salvador had conspired with the end of procuring Caberera's assassination. A copy of this circular is said by the dispatch to be now in the hands of the Mexican department of foreign affairs.

It further stated that posters have been placed about in Guatemala City calling for the assassination of President Caberera, and some of these missives have even been placed opposite the walls of the president's residence, which is guarded by about 2,000 pick men. Caberera is said to be practically a prisoner in his residence and to have his food tested for poison before eating.

NO OBJECTION

Thaw May Engage Any Attorneys That He May See Fit.

New York, July 17.—The mother of Harry K. Thaw has announced that she has retained the firm of Black, Olcott, Gruber & Bonyne to defend her son.

It is said by a person close to Mr. Olcott that no objection will be made by the firm to Harry Thaw engaging any lawyer he may see fit, so long as Black, Olcott, Gruber & Bonyne are recognized as senior counsel. "I am counsel for Harry K. Thaw," said Clifford W. Hartridge, who was recently retained by the prisoner after being told what Mrs. Thaw said. "I have been regularly retained by Harry K. Thaw. He is the defendant in the case and knows whom he wants. If it is true Mrs. Thaw wants Judge Olcott or any other attorney to look after her son, then Mrs. Thaw has a perfect right to engage such counsel. Harry Thaw retained me to defend him. I shall do so. The defense will not be insanity. I am confident he will be acquitted."

WRIT SECURED.

Restraints District Attorney From Taking Evidence in White Murder Case.

New York, July 17.—John D. Gleason, one of Thaw's counsel, appeared before Justice Blanchard in part two of the supreme court Tuesday and secured a writ of prohibition restraining the district attorney and grand jury from taking any evidence as to the killing of Stanford White. The writ is temporary. It also restrains the district attorney and grand jury from issuing any subpoenas in connection with the matter of killing of White.

Justice Blanchard also issued an order directing the district attorney and grand jury to show cause why they should not be absolutely restrained from any further proceedings in the matter of the killing of White and against Harry K. Thaw.

TWO TRAGEDIES.

Policeman Mortally Wounded and a Boy Asleep Killed.

Denver, July 17.—Special Policeman Henry A. Barr was shot and fatally injured early Tuesday in West Denver by an unknown man. Barr was following two men on a bicycle, who were acting suspiciously. Suddenly one of them opened fire on Barr, and after several shot had been exchanged the officer dropped to the ground with a bullet through his body.

A short time later, while trying to apprehend the man who shot Barr, Policeman Patrick Kennedy shot and killed Frank Moody, a fourteen-year-old runaway boy, who was sleeping in and out of a saloon in the neighborhood where Barr was shot.

ELKS IN EVIDENCE.

Some Twenty-Five Thousand and Ladies Attending the Denver Session.

Denver, July 17.—About 25,000 Elks and ladies accompanying them in attendance at the twentieth annual reunion of the order have registered at local headquarters. The weather is superb. The city is in gala attire. Entertainments suited to all tastes have been provided for visitors. For three hours a reception to visiting Elks and their families was held at the Elks' rooms. Band contests were a feature Tuesday.

Revision of the constitution is one of the most important matters to come before the convention. The order was established as a social organization, and "good fellowship" was one of the prerogatives for membership. So rapidly has been its growth that it has been found necessary to broaden its scope and place it upon a more solid foundation. By the adoption of the proposed new constitution three forms of government will be established—executive, judicial and legislative. This will put all executive power in the hands of the grand exalted ruler, while the judicial duties, such as arbitration of all questions pertaining to the order, will be placed in the hands of a board of governors or similar body. The legislative power, of course, will devolve upon the delegates in convention. A new ritual has also been prepared.

Demurrer Sustained.

Indianapolis, July 17.—A special to the News from Paoli, Ind., says that Judge Buskirk sustained the demurrer of Thomas Taggart and other defendants, which means a receiver will not be appointed for the French Lick Springs hotel at this time. Attorney General Miller immediately gave notice of appeal to the state supreme court.

VIGOROUS CAMPAIGN.

Democrats Will Make Hard Fight to Get Majority of Delegates.

Oklahoma City, July 17.—At a meeting here Monday of the Democratic executive committee, composed of leading Democrats of Oklahoma and Indian Territory, it was decided to institute a vigorous campaign at once for the election of delegates to the constitutional convention. General headquarters will be maintained here.

DECIDE ON DEPOT.

Will Be Equipped With Train Sheds and an Elegant Station.

Oklahoma City, July 17.—The announcement of work of constructing a union depot for the St. Louis and San Francisco and Chicago, Rock Island and Pacific railways will be commenced here Jan. 1. The new station will be equipped with train sheds, and will cost \$300,000.

Fire at Gas Well May Cost Two Men Their Lives.

Muskogee, July 17.—The derrick of a gas well at Morris, thirty miles north of Muskogee, burned William Singer, William Cockrane, and Ben Elsey was badly burned. Two may die.

Dies From Blow.
